### Industry Structure & Development

Indian Textiles Industry is one of the leading textile industries in the world. Though the global economic downtrend during the past decade have been somewhat arrested, but still the markets for high-end products have not recovered fully as yet. Competition from new manufacturing countries like Korea and China have posed great threats to the future of the Industry in India especially in the Wool/Poly-wool segment of the Industry.

The fast growing retail apparel industry in the organized sector with multiple and strong Brands in every sphere of fabric and clothings, have further increased the importance and demand for textiles products and quality yarns in particular.

### Opportunities and Threats

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone financial statements. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. #### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### A. BASIS OF PREPARATION

The Standalone Financial Statements have been prepared to comply in material respects with the Accounting Principles generally accepted in India, including mandatory Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 under the historical cost convention and on accrual basis. The Accounting Policies in all material respect, have been consistently applied by the Company and are consistent with those used in previous year.

#### B. INVESTMENT

Long-term investments are stated at cost less provision wherever the management considers the fall in value to be of permanent nature.

#### C. RECOGNITION OF INCOME AND EXPENDITURE

The items of income and expenditure are recognised on accrual basis.

Borrowing costs that are attributable to the acquisition and construction of a qualifying asset are capitalised as part of cost of that asset. Other borrowing costs are recognised as expense in the period in which they are incurred.

#### E. TAXATION:

Current Tax is determined on the basis of the amount of tax payable under the Income Tax Act, 1961, if any. Deferred Tax Liabilities/Assets, subject to consideration of prudence, are recognised and carried forward only when there is reasonable certainty that sufficient taxable Income will be available against which such Deferred Tax Liabilities/ Assets can be adjusted. A disclosure of a contingent liability is made when there is a possible obligation that may but probably will not require an outflow of resources. Where there is possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made. Contingent Liabilities is are generally not provided in accounts and are disclosed separately in the notes on accounts

#### G EARNING PER SHARE

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for the events, such as bonus share, other than conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating, diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
